Invest in your overall health. In addition to regular checkups, participate in the healthy habits listed below to keep your body and teeth healthy!

- Brush your teeth at least twice per day with a soft-bristled brush using fluoride toothpaste
- Floss daily
- Use mouthwash to remove food particles left after brushing and flossing
- Eat a healthy diet and limit food with added sugars
- Schedule annual dental checkups and cleanings
- Avoid tobacco use

Total Body Well-Being

Your oral health is a vital part of your general health. Untreated dental diseases can contribute to several destructive conditions including heart disease and diabetes. Regular checkups and professional care are the keys to maintaining healthy teeth and gums.
